

Office Memorandum • UNITED STATES GOVERNMENT

TO : Assistant to Deputy Director (Plans)

DATE: 17 July 1951

FROM : Chief, Departmental Recruitment Section, PPD

STAT SUBJECT:

As I advised you this morning, Copley Amory telephoned me again from Boston and asked me whether there was any possibility of our giving reconsideration to employment as he considered him an outstanding man who could be very useful to us.

I told him that our policy was extremely rigid on the matter of employment of citizens with less than five years standing, and in this case we were not prepared to change it.

I thanked Mr. Amory for his interest and said that we would keep name before us in case circumstances changed and something might come up which might be of mutual interest.
